

STEAM CLASS 開講

Creativity, Critical Thinking, Communication, Collaboration
 Our new class provide all the skills your children need to develop
 in 21st century! Come join us for new discovery!

21世紀を生きる子どもたちに必要なスキルをリアルの世界と結び付けて伸ばします

What is STEAM?

S: Science 科学
 T: Technology 技術
 E: Engineering モノづくり
 A: Art 芸術
 M: Math 数学
 STEAM 教育の目的は現実の問題を解決に導く力や今までにないものを創造する力を育むことです

In sight of Class

NWIS offers STEAM lessons! It is an integrated approach to learning that encourages students to ask questions, connect the dots, work collaboratively, problem solve, think creatively and be innovative. This interdisciplinary approach has helped create innovations like the iPhone, the original laptop computer, and is even revolutionizing cooking in third world countries. STEAM gives all students hands-on experiences to acquire these crucial skills, necessary in today's world full of challenges.

Monday 2:30-3:10 / 3:15-3:55 年中、年長、小学1年生
